|                    | Objects Brown Company and No. 30 10 67 Brown W. 20017   |                  |
|                    | Subject: Request for Proposal No. RD-10-67, Project No. 09017   |                  |
|                    | Gentlemen:  |                  |
|                    | Because of our experience and present active interest and participation   |                  |
|                    | in problems relating to retrievals and materials handling of all types,   |                  |
|                    | your invitation of January 13, 1967 was reviewed with special interest.   |                  |
|                    | However, because of the present commitments of staff members who would<br>be expected to participate in the proposed program; we have decided |                  |
|                    | not to submit a proposal.   |                  |
|                    | You may be aware of the fact that   | 25 <b>X</b> ′    |
|                    | has been very active in the subject matter of your in-  | 25X1             |
|                    | vitation and is believed to have developed a related system for one of the DOD agencies.  |                  |
|                    | of the LOD agencies.  |                  |
|                    | Although we are not in a position to bid on subject procurement, you  |                  |
|                    | might well find our services useful in assisting your staff in the selection of the best system among the proposals which may be submitted    |                  |
|                    | to you under this project.  |                  |
|                    | Again our appreciation for submitting this invitation to us for consi-  |                  |
|                    | deration. The related "Secrecy Agreements" have been properly executed  |                  |
|                    | and are returned herewith along with the original invitation.   |                  |
|                    | Very truly yours  |                  |
